Concessions by the Topeka Quarter Midget Assoc.

Lots of fun for everyone...racers and non-racers!

Dawson Davis is a nine-year-old sweetheart who was born with cerebral palsy. Dawson's brother, Kody, races a quarter midget at the Topeka Quarter Midget track and sister, Mackenzy, is a racer in training.

Dawson comes to every race, rain or shine, and is a friend of everyone. Dawson doesn't know a stranger and has a smile...always. He has stolen the hearts of everyone at our club.

Dawson will soon be getting a lumbar rhizotomy at St. Louis Children's Hospital which will sever the spastic sensory nerves in his lower extremities. After this surgery Dawson has the chance to be a normal kid. Maybe someday he will race a quarter midget!

Dawson's family will be faced with additional expenses not covered by insurance to give Dawson this new chance at life. Dawson's family will face an approximate additional \$25,000 in expenses due to loss of work, co-pays, fuel expense, away from home living expenses, child care, etc.

Please help us...help our friend

Dawson is the son of Randy & Amanda Davis
the grandson of Mike & Sharon Redford and Frank Davis & Nancy Shepherd and Teri Davis
